MEMORANDUM FOR: Director of Administration

SUBJECT : SAC Personnel

Under date of 28 September, I received from the Project Security Officer a list of SAC officers whom Colonel [redacted] requested be cleared for knowledge of AQUATONE. This included, for the most part, the Directors of the Bureaus at SAC Headquarters and a few planning officers. I understand that a number of further requests have since been received, including but not limited to the personnel assigned to Colonel [redacted] I would find it useful to have an up-to-date list, indicating the positions occupied by the several individuals within SAC (as of the 28 September list). It would also be useful to group these men in order to show (a) senior officers at SAC Headquarters who are made knowledgeable in order that they will understand requests for support, (b) personnel at SAC Headquarters who will be spending a sizable part of their time on the Project under the direction of Colonel [redacted] and (c) Colonel [redacted] training unit. I believe that such a list would be helpful to others at Project Headquarters as well as to myself.
